

Who should participate?

Any BC wine producer interested in the European market, and/or participating in Prowein Germany. The International Wine Competition will have a booth at Prowein where winners of the competition will be announced and showcased. The BCWI in collaboration with the CVA, Taste of Nova Scotia and WMAO will be organizing the Wines of Canada Pavilion at Prowein March 16-19, 2019 for Canadian producers to meet with key wine trade, educators, and media from around the world. BCWI's Media Relations Manager Laura Kittmer will be attending the trade show and working with the regional partners in organizing events, a masterclass and meetings to build on the success of the trade show and tell the story of BC Wine to key international media, trade and influencers in attendance.

Although the winners will be announced at Prowein, this is a separate opportunity and available to all BC wineries. If you are interested and would like to find out more, email the organizer, [Adam Levy](#) of the [Alcohol Professor website](#).
