

READY TO REOPEN

WINERY CHECKLIST

Have a plan. Show your guests and staff that you are ready to welcome them back with the same warm and friendly hospitality they expect from BC wineries, and what you are doing differently to ensure the safety and enjoyment of your people, your community and your customers.

Let customers know when they can visit you in person and what to expect when they visit.

Checklist to help your phased COVID-19 reopening be successful:

- ✓ Develop & post your WorkSafeBC required [COVID-19 Safety Plan](#)
