

WINES OF
BRITISH COLUMBIA

Vincent Ong, Andrew Peller Ltd.

Vince gained his first inspiring wine experience while on university exchange in Germany drinking Riesling in the Mosel wine region. After working several years at Deloitte and then working at General Electric, Vince used his spare weekends to participate in his first wine harvest at Le Clos Jordanne in Niagara, Ontario.

Since his first harvest, Vince has had the opportunity to further his wine industry knowledge and experiences by studying for his MBA in Bordeaux, working at Treasury Wine Estates in California and then taking the opportunity to grow the Canadian wine industry at Arterra Wines Canada in many functions from corporate strategy, mergers and acquisitions, innovation, finance, supply and project & change management.

Vince currently holds the role of Vice-President, Government and Industry Relations for Andrew Peller Limited. He is passionate and grateful to be part of the WGBC Board of Directors to drive the long-term strategic vision and plan of the organization.
